The term “the Work” shall include all cover and internal art, the text, and material used for advertising the work for sale. The term “eBook” shall include the work in any electronic format.

### **Author’s Royalties**

Royalties for sales made directly by E-BookTime will be credited to your account upon completion of purchase by customer. Royalties for wholesale printed book sales and eBook sales will be credited to your account weekly.

**Print Books** - If the minimum retail price is used, you will receive 30% of the retail price for all paperback books, and 25% for all hardcover books, sold from our retail website (direct sales); and 15% of the retail price for all paperback books, and 10% for all hardcover books, sold through other retailers (wholesale sales). If you set the price above the minimum, you will receive the royalty computed using the minimum retail price amount, plus 100 percent of the difference between the minimum price and the price you set for sales from our retail site and 60 percent of the difference between the minimum price and the price you set for books sold through other retailers.

**eBooks** - You receive 50% of the net amount due to E-BookTime from sales of the eBook through other retailers (wholesale sales). E-BookTime, LLC will not directly sell the work in eBook format from our website.

**Author Discount Price Sales** – No royalty.

### **Payment of Royalties**

All amounts due you shall be paid monthly. Payments will be by check mailed to the address provided by the author.

### **Retail Prices**

For paperback and hardcover books the minimum retail price for your book is determined by the number of pages, however, you can set a higher price for the book if desired. For eBooks there is a minimum retail price of \$5.95. You can set a higher eBook price, not exceeding our maximum. The complete list of current minimum print book prices and maximum eBook prices is published on our website. Retail prices are subject to change at any time at the sole discretion of E-BookTime, LLC if costs change or market conditions warrant.

### **Author Discount Prices**

The author discount prices for paperback and hardcover books are based on the number of pages and are as published on our website. If the author sets a retail price higher than the minimum retail price, the author discount price will not increase. The author discount price is subject to change at any time at the sole discretion of E-BookTime, LLC.

### **Revision of Published Work**

You agree to pay a revision fee of \$150.00 for any revision to a published paperback or hardcover book cover or text and associated eBook edition.

### **eBook Format**

We will make a reasonable effort to format the eBook similar to the format of the print edition; however, we reserve the right to make necessary format changes to publish in an eBook format. For example, print book page headers and page numbers are not used, use of a different character font may be necessary, etc.

### **Catalog Fee**

For paperback and hardcover books there is an annual catalog fee which is currently \$12.00 per edition. The first year catalog fee is included in the initial publishing fee. You will be billed for a renewal of the catalog fee approximately 10 months after each anniversary of the publication of your work if the sales for the preceding 12 months did not exceed \$100.00. If you do not pay the renewal fee when billed your book will be removed from the catalog, our online store, and will no longer be available for sale. The annual catalog fee is subject to change at the sole discretion of E-BookTime, LLC.

You further agree to pay all legal fees incurred by E-BookTime if legal action arises from any known or unknown libel, plagiarism, breach of privacy or misrepresentation of facts, copyright infringement or any other legal dispute related to the your book. We reserve the right to stop advertising and selling works that are involved in any legal dispute or pending legal dispute.
